arguments over how keys of the priesthood work and who hold them. It began basically in the early 50s or shortly before. Rulon C. Allred once lived on my father's property in Old Mexico and built three houses down there. The story I heard was that he wanted my father to join the John Y. Barlow United Order at that time and he felt that his keys as the patriarchal heirs of Joseph Smith was higher than the keys the Fundamentalists claimed to keep alive plural marriage from John Taylor. So he wouldn't do it. So this began the first--it was only a small item at the time between the LeBarons and the Allreds. Later, when Joseph Musser died, or shortly before he died, he appointed Rulon C. Allred and other members of his family along with others to succeed him in his work pertaining to the appointments of 1886 by John Taylor. Brother Musser also confirmed the keys my father had confirmed upon me pertaining to ~~me~~ being the patriarchal heir to the prophet Joseph. And he told Rulon that my (Ross) work superseded Rulon's authority. He also told Owen Allred that he never gave me any authority, that he only confirmed what my father gave me. Somehow, they didn't like the idea that I had some kind of ~~authority~~ an authority. I tried to work with them but it failed, I couldn't do it, and finally they begin even talking against me in their public meetings. So that's about the way it is between the Allreds and myself.

But when Joel helped me set up the Church of the Firstborn of the Fulness of Times in 1955. He ~~agreed~~ agreed to work under my direction until the coming of the Mighty and Strong spoken of in the 85th Section of the Doctrine and Covenants. About a few weeks after the incorporation was set up and we'd done some advertising, he said he was the Mighty and Strong and our agreement was now broke. So he went to Mexico and Ervil was his main help then because he wasn't up to the job.

And Ervil had done a lot of study and research. And Ervil then helped him write "Priesthood Expounded". And they proceeded to move quite fast. They obtained some French missionaries through the writing, "Priesthood Expounded." And Ervil done more to build the church, and think, and lead it ~~than~~ than Joel did for quite a while. Then Joel apparently got jealous of Ervil's ability to do things and a power struggle started.

Ervil was ordained Patriarch of the CFBFT in my stead, in my stead, by Joel after he had pulled away from me. Well, I knew that as soon as Ervil found out that the patriarchal office was higher than the president of the church according to the 124th section of the Doctrine and Covenants, they'd have trouble. And this happened. And Ervil decided to disorganize the ~~First Presidency~~ First Presidency of the church. This throws Joel out of office. Joel decided he would exercise a higher priesthood than the patriarchal. He called it the "Office of Moses", which is not said right. So he trhowed Ervil out. So now we have a conflict of interest going on and this started the battle which led to Joel's death and the trouble at Los Molinos.

Now, I don't go along with either Joel's movement or Verlan's movement or Ervil's, and now there's a Floren, another brother, and he's trying to start a movement.

ROSS/KSXX/2

I would like to prove that the Fund. from John Taylor never at any time held the presiding keys of the priesthood for the church, the patriarchal order or the kingdom. If I can do that, that'll help clear a lot of ~~xxxx~~problems were having.

false prophets

~~xxxx~~Get rid of the false prophets, and there's pelenty of them. Now, I don't agree with him but in ancient times they killed false prophets, and he says he's going to do it again, it appears.

Well, I've been studying prophecy since 1936 and there has to be an opposite force fighting against the good. They have this in all the shows; they have it everwhere. It's the foundation of our life...good and evil...and to bring out the good and organize the good it takes some kind of an evil force preying on the good. And this has happened through history. The Lamanites and the Nephites. Jacob and Esau. Caan and Able. Now this is going on in the LeBaron family particularly because we are, definitely, the patrirachal family of the line of the prophet Joseph Smith.

Kimball: I belive he's the president of the church.....prophet...

I'm not a member of one of the polygamist grou. I hold the patrirachal keys of Joseph Smith's house. I have one or two students--nobody following me or paying tighing.

The main thing the Fund. don't like is that the church, over the past years, has helped prosecute and jail polygamists. Now do you think they're going to feel happy about it?

Thrats on life of Specner Kimball....That's nothing to do with the Allred group, that's nothing to do with the Short Creek group. Tht's only to do, as far as I'm concerned, with Ervil and his people.

war...Not only national but international because the LeBarons are Joseph Smith's patriarchal family and there's going to be a feud like Caan and Able. Now the Caan and Abel story we get because it was ancient and it~~xxxxxx~~'s been handed down. But in this time and in this period a thing has to be awfully big to get before the whole world and this LeBaron battle over the patriarchal heirship of Joseph Smith and these claimants of keys through Hyrum's line to carry on plural marrge--this will become international before it's over because that's the p~~ap~~urpose of God to bring his work before the world.

I was excommunicated in 1944, I believe, for the belief in Adam-God and polygamy beliefs.

I was once the world's g~~re~~atest polygamist and I got cut out by Alex Joseph. He's smarter than I am. He's got more wifes than I have....He's in the herb business...ginseng.... v

Ervil....He's my brother. My life is also under threat and what I'm saying today will make it one of the key targest. I'm gambling my life for what I'm saying. If people want to think I'm joking, okay, but I'm gambling my life for what I say. My mother has seven sons and almost 500 grandchildren. I think she'll have 700 before her grandchildren run out.

ROSS/KSXX/3

Rulon....There are other directions ~~xxxx~~ which it could have happened from but I won't go very definite directions but I woun't go into thateither.

*Evil
purpose
world
govern*

I haven't seen eRvil for 12 years. But we always got along good. He was a very strong purpose., very quick in his thinking, very sharp and when he said something he meant it. When he says what he's going to do--he's working on the principle of fear, and if he can make people afraid, hes going to accomplish his purpose. We're in that period ~~xxxxxxx~~ in time when two or three people can get together and destroy a whole city with a little bit of electronic devices. They're not going to stop this thing like they think they are and he is against the false prophets. 90 percent of the world today is govern~~d~~ by some reiligous theme wthing which has no base to it. And they're collecting man...on all kinds of promises. And this is what he's going after. On that, he might be partly right, but he has no authority as far as I'm concerned.

...contest of keys, of priesthood powers ad rights.Well, it's been going on definitely since late in the--

~~xxxxxxxxxxxxxxxxxxxxxxxx~~ Is a one-sided war, if there's a war. But there is a contest of keys and a claim of keys to preside ~~in~~ the priesthood.

Law of Moses allowed the true prophets to kill all the false ones. And this is where he's taken his text from. I don't agree with him on what he's doing or what ~~xxxxxxx~~ they say he's doing. But that's not~~xxxx~~ my problem, that's his.

I have had the threat myself, and two of my friends. And this is more or less the background (economics)

How many churches in the world? How many branches of Mommonis? They can't all be right.

The prophecy says that the Lord will do away with all the soothsayers, all the false prophets, all the wicked and everything that he don't back up. He'll do away with them before the Millenial reign of Christ.
